Dear Fairlington Mews Residents,

There are some NEW and EXCITING changes for 2008. Beginning March 1, 2008 the residents at Fairlington Mews will have a new solid waste and recycling hauler, CAPITOL SERVICES OF VIRGINIA. We at Capitol Services would like to be the first to say how excited we are to have the opportunity to give the residents at Fairlington Mews the first class service they deserve. To help us service your community in the proper way PLEASE READ THESE FEW IMPORTANT POINTS:

- **Days for trash pickup will be Monday, Tuesday, Wednesday, Thursday, Friday, and Saturday.**
- **Trash will be pulled from courtyards starting at 8:00 A.M. Have your trash out, so it won't be left behind. Remember out by 8:00 A.M.**
- **The trash truck will only make one pass through the property to pick up the piles of trash that were pulled.**
- **Recycling will be on Wednesday. The commingle barrels will be placed in the courtyards on Tuesdays, and all recycling materials will be picked up on Wednesday morning. Please place all your paper recyclables next to the commingle barrels.**
- **The first Saturday of each month will be bulk pickup for the residents. Please place all your bulk items in the area where recycle barrels are placed each Tuesday.**
- **Metal items will be picked up every Thursday. Please place all your metal items in the same area where the barrels are placed each Tuesday.**

We at Capitol Services feel that by following these few guidelines, all the residents at Fairlington Mews will be very proud of how their community looks each day. Thank you in advance for cooperating with these guidelines. We at Capitol Services are looking forward to servicing all the residents at Fairlington Mews. See you March 1, 2008.

Sincerely,

David J. Dunn, President
